Homework: Research a Performer

Research the performer to which you have been assigned.

Find enough information about the performer to answer the following questions:

- What city is the performer from?
- Does the performer specialize in a certain genre or style of burlesque?
(*i.e. traditional, neo, comedic, performance art, fusion with another fringe art, etc.*)
- Does the performer have any titles or distinguishing accolades?
- Does the performer belong to a troupe? If so, to which troupe do they belong?

Watch at least three videos of the performer on YouTube or other similar video hosting sites and choose your favorite to present to the group.

On the date assigned, post your selected video along with a short paragraph about the performer (answers the questions above) to the class Facebook group. Explain why you chose the video as your favorite and how it inspired you or what you learned from watching it.
